PROFILE

I am a self-motivated, highly driven, and focused individual as well as a team player with strong communication skills - always striving for excellence, I am hard working and diligent with a passion for Computer Science and Mathematics.

One of my goals is to run the Comrades Marathon.

I enjoy what I am studying and therefore have the passion that is needed to succeed. I am excited to see what the next few years will bring.

Private Repositories

Note: I have private repositories that contain code for modules and could therefore give away answers to students taking those modules in the future. Please send me an email so that I can add you as a collaborator for one of these private repositories:

- Computer Networks
- Compiler Construction
